DTR Seafreight Implemented

Domestic Transshipment Request (DTR) for Seafreight has been implemented 3 July 2023.

A DTR is now required to move uncleared sea-freight from one approved facility (CCA/TF) to another approved facility.

FAK movements from Port to CCA/TF

Submitters:

1. MPI requires the following attachments to be submitted:
 - A. Quarantine Declaration
 - B. Bill of Lading
 - C. Manifest
2. QD to be entered on the lodgement correctly as per what is on the physical QD document e.g. YYNNN. Make sure the QD is entered against each consignment correctly.
3. Location of Goods (LoG) refers to the premises where the consignment will be held awaiting clearance. Therefore, the LoG needs to be the [correct port codes](#) (UNLOCODE) for FAK movements not the CCA code.

DTR REQUESTED FOR MOVEMENT OFF PORT WITH NO DOCUMENTS ATTACHED

combined docs ● Doc attached ● No Docs

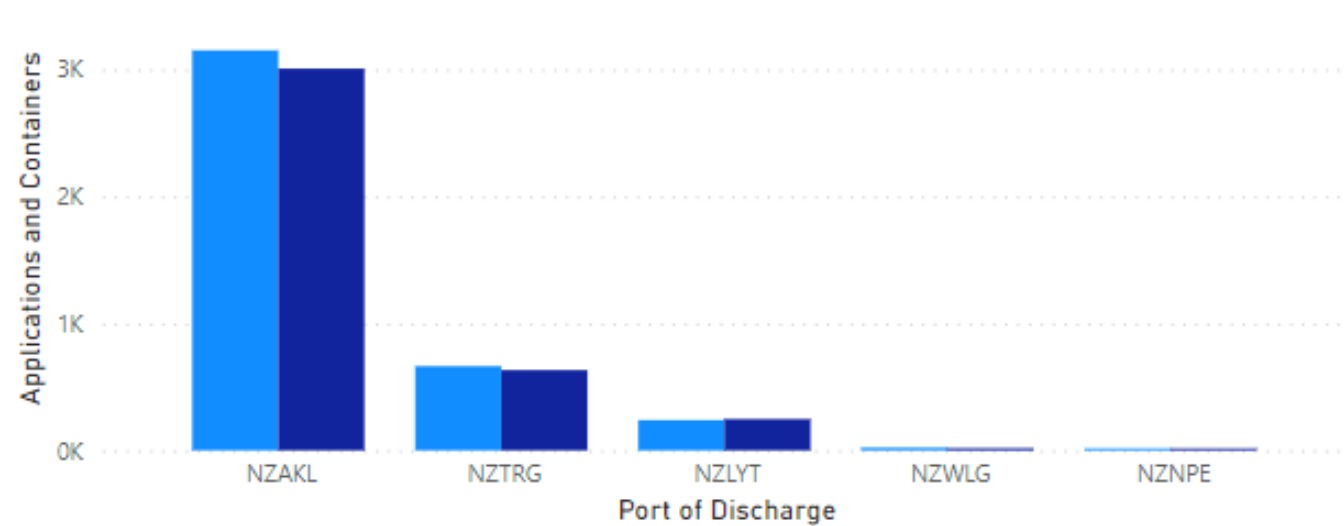

Number of FAK applications per month

● DTRs & Containers ● Count of IDENTIFIER

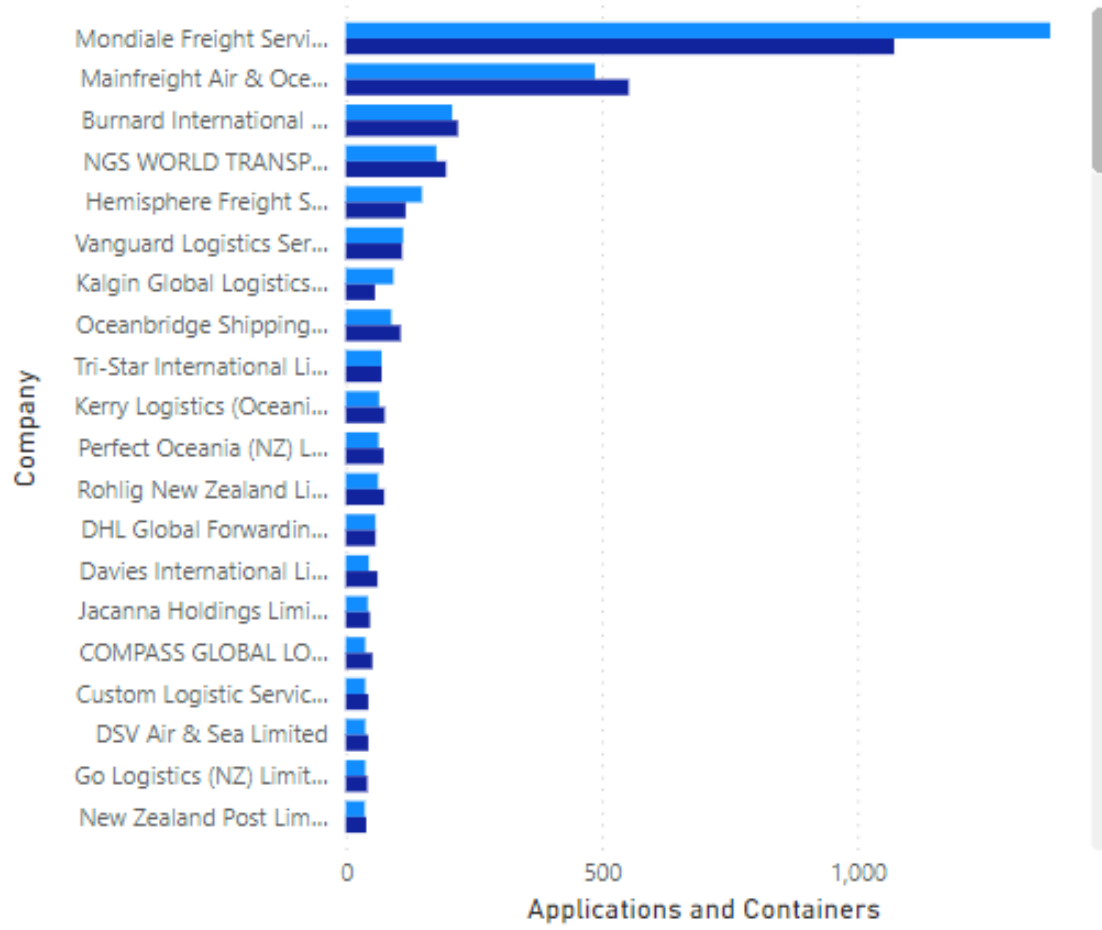

Applications and Containers by Port of Discharge

● Applications ● Containers

Total FAK Applications and Containers by Company

● Applications ● Containers

DTRs for movement of devanned LCL consignments between CCA/TFs

Uncleared LCL consignments from CCA/TF to CCA/TF

A DTR will be required for the movement of devanned LCL consignments from CCA/TF to CCA/TF.

If you receive the following error: *“TF/CF specified as Transit Destination must be approved for containers”*. The DTR will be unable to be submitted. You are permitted to use your Collectors Permit to move these consignments in this instance. This is a known issue that will be resolved in the near future.

Uncleared LCL consignments from CCA/TF to CCA/TF Error Tracking

| Errors | Action Required |
|--|---|
| LCL Mode of Transport as Sea | Ensure there is no Mode of Transport as Sea. The Mode of Transport should be either Land, Rail or Multimodal. |
| Quarantine Declarations Entered | Quarantine Declarations should not be entered |
| LCL with UNLOCODE as Transit Destination | This should be entered as the CCA where you are wanting to move the cargo to |

Cargowise (Wisetech)

Ocean Freight DTR processes - The DTR team, CBAFF and Cargowise (Wisetech) met recently to discuss issues being raised regarding the Ocean freight DTR processes.

The Wisetech team would like to please advise their clients to use the “e-request” option (found within the help menu in each screen) or by pushing F1 when experiencing errors / issues within their software.

This will capture screenshots and data for them to adequately assist you with your query.

Please also ensure you are reading the technical updates via the Cargowise home screen, or that can be found online, that are specific to the DTR process for the most up to date changes - these will include screenshots and step by step instructions.
